

# NORTHERN LIGHTS IPA

This Cold IPA (an emerging style that blends old world lager ingredients & techniques with bold American hops) offers Riesling-like notes of honeysuckle, white tea, papaya, honeydew, and pink grapefruit – coming from generous additions of Strata, Talus, Cashmere, and Citra hops. The late addition of these hops provides a soft balance to this “juicy” lager with the heart of an IPA.

#### THE BOTTOM LINE:

*Crisp lager vibes and fruit forward hops dance gracefully in this genre-shifting Cold IPA.*
